SENATOR VEST CITES A DEADLY PARALLEL

Makes a Strong Point Against Puerto Rican Bill.

BATESSPEAKS ON MEASURE

He Opposes Tariff Clause In Bill-Senator Depew Makes Lengthy Speech In Support of Pending Measure Relating to Islands.

Washington, April 2. - The senate Guif Transit Co convened at 11 o'clock today in order that the debate on the Puerto Rican bill might be extended. The public galleries were all crowded.

Mr. Vest of Missouri rising to a question of privilege on his return to the city after an absence on account of illness had found that on the vote to strike out the provision in the Paerto Rican bill for a duty of 15 per cent of the Dingley duties sit co he had been noted as absent and not paired. He stated that he had a general pair which he thought was sufficient. Had he been present he would have voted ser & Co to strike out the duty on Puerto Rican & Co LUMBERCIS-

Proceeding, he directed attention to a notable case, which he said had been everlooked in all the arguments. A sailor named Ross had shipped on an American merchantman from New York to Nagasaki. At the latter port he had murdered a fellow seaman on the ves- tich & co sel's dock and was convicted and sentenced to death by a consular court. His sentence was commuted to imprisonment for life in the New York penitentiary. He sued out a writ of habeas corpas on the ground that he had not been given a trial by jury, as insured by the constitution. The supreme court decided that he had had a fair trial and must remain in prison; that in order to avail himself of the right to trial by jury the vessel must have been within the territorial limits of the United States.

Mr. Vest said he would like any senafor to explain how the supreme court could come to that conclusion and state Lumber Co emphatically that within the territory & Co of the United States the constitution applies without act of congress or treaty stipulation and yet agree that a different tariff can be imposed on the people of Puerto Rico from that imposed on the people of Missouri.

Mr. Bates of Tennessee, after the Paerto Rico bill had been laid formall; before the scnate, delivered his annonneed speech in opposition to the pending measure.

Mr. Cullom followed with an argument in favor of the bill. Mr. Depew of New York then spok: in favor of the pending measure.

Weather Cendi ions.

The area of low pressure that cen-'tered in Kansas influences the weather conditions from the Mississippi valley westward to the Rocky Mountain-; it has caused higher nemperature in all derricts within its limits, and cloudiness in the Southwest.

Bismarck and Marquette are the only stations that report fr exing temperatures, the frost line having Professor Johnsen, Nor, 1058, sld Bristol moved far northward.

Precipitation was light and scattering and occurred at only a few stations. In this vicinity the weather will

be fair to-night with increasing cloudiness Wednesday; pleasant temperature and fresh southerly winds will prevail. M. J. WRIGHT, JR.
